snyder, texas

The school year of 1954-1955 has been a busy year for the students of Snyder High School. In this year book the annual staff has tried to sum up the many activities in which our school has participated. The symbols of the various activities and organizations are a never-ending parade; but we have tried to capture a few of these in words, drawings, and photographs so that in years to come you may look back at these and faintly remember the joys, the wonderful good times, the sorrows, and tribulations of which you were a part in this year.

The symbol of Snyder High is the large gold "S" as is the black and gold tiger, but the true symbol of our school is the spirit of the students, the cooperation which they have demonstrated, the many activities in which they have participated, and the fine way they have upheld the standards of Snyder High.

j. m. kayser,

Mr. and Mrs. Kayser are smiling over the electric blanket given to them by the members of the faculty as a wedding gift.

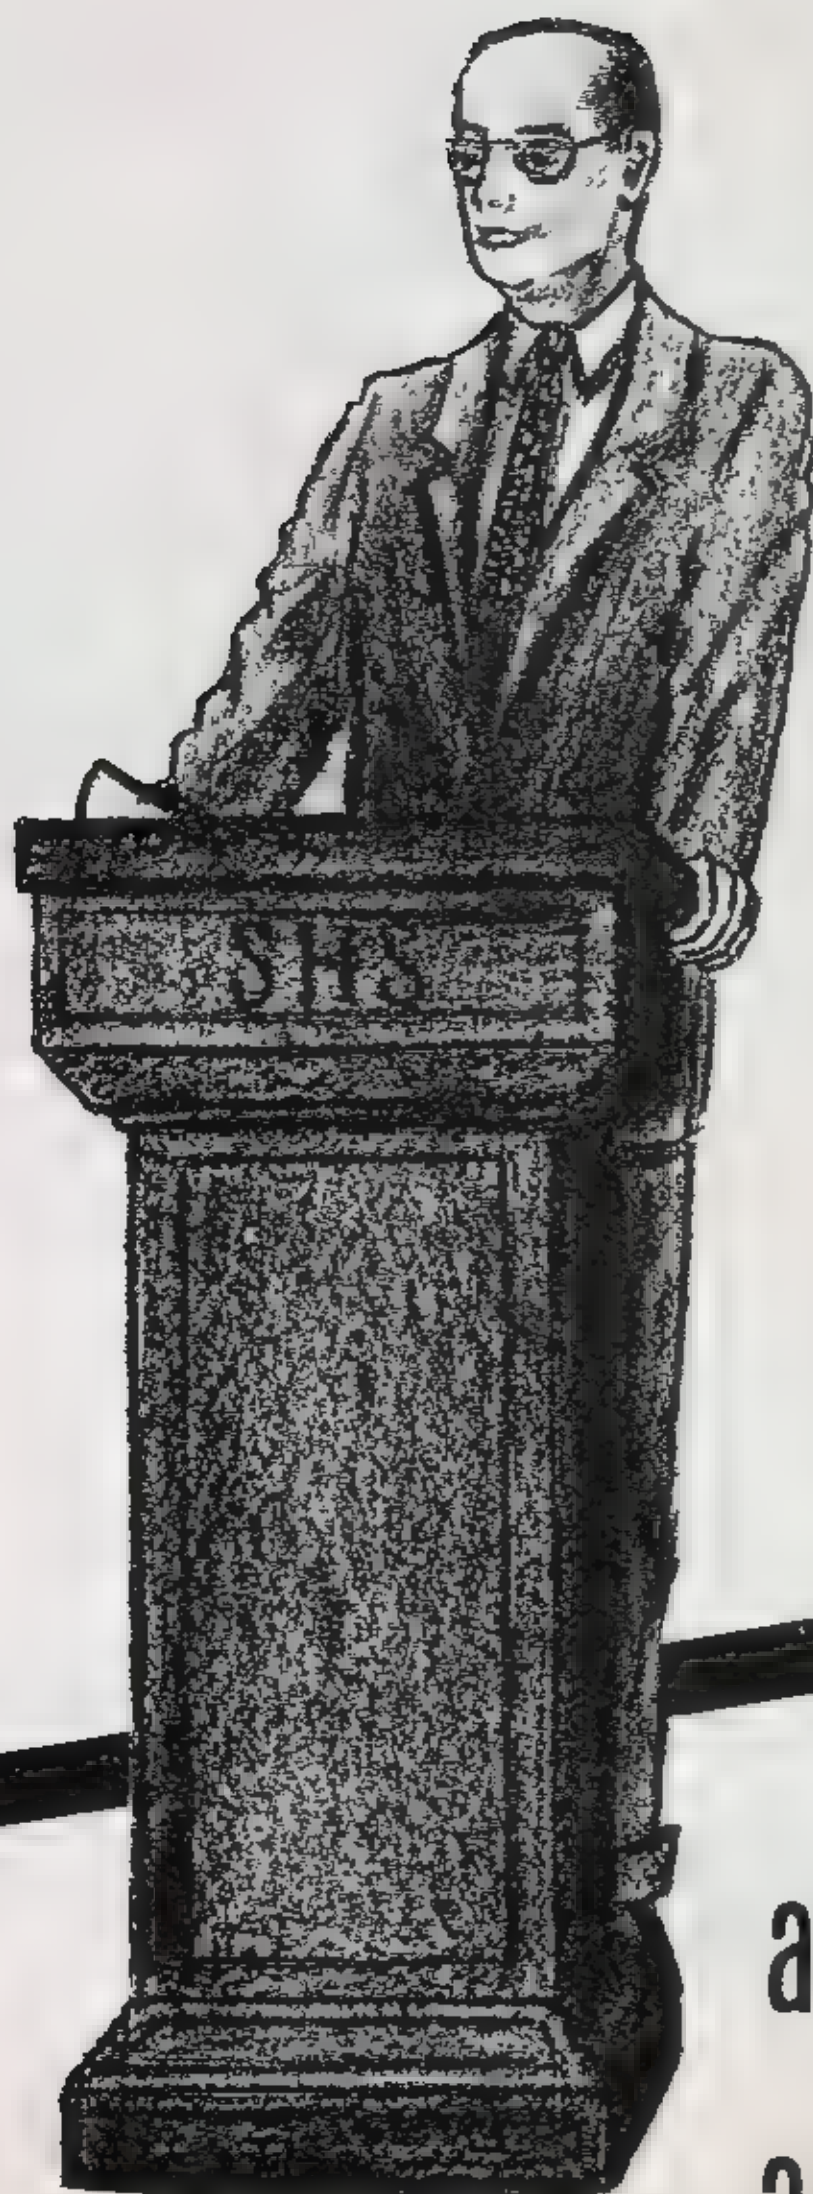

We, the staff, dedicate this annual to J.M. Kayser, who in the past years has always been ready to counsel and aid those who have looked to him for advice. Because he has found time amid his many duties to take an individual interest in students of Snyder High School and because he has done so much for the betterment of this school, we wish to express through this dedication our sincere thanks.

Mr. Kayser, your resignation is a loss felt by every teacher, administrator, and student who know you. Wherever you go, we feel that you will be as successful with others as you were with the students of Snyder High.

dedication

The administration and faculty form the backbone of a good school system. Their leadership and planning make the difference between a good school and a fair school. Snyder High is privileged to have such a good staff of administrators and teachers. The man behind the podium is a symbol of the friendliness which these people possess.

LEFT TO RIGHT STANDING: Mr. E.H. Williamson, Mr. Paul Keaton, Dr. C.L. Yarbrough, Superintendent of Schools; Mr. L.M. Ford. SEATED LEFT TO RIGHT: Mr. W.H. Scarborough, Secretary; Mr. Wayne Boren, Mr. Lee T. Stinson, and Mr. Clyde Godwin

The Snyder Board of Education, supported by forward looking patrons, has set high standards for its schools. With a strong faith in the value of education, the Board has spent many, many hours in planning for the construction of needed facilities and the development of an educational program which is responsive to the needs of the children. Members of this Board are unselfishly dedicated to all those things which make for an outstanding school system and community. These are some of the reasons for the growing prominence of the Snyder Schools.

DR. C.L. YARBROUGH

Dear Students:

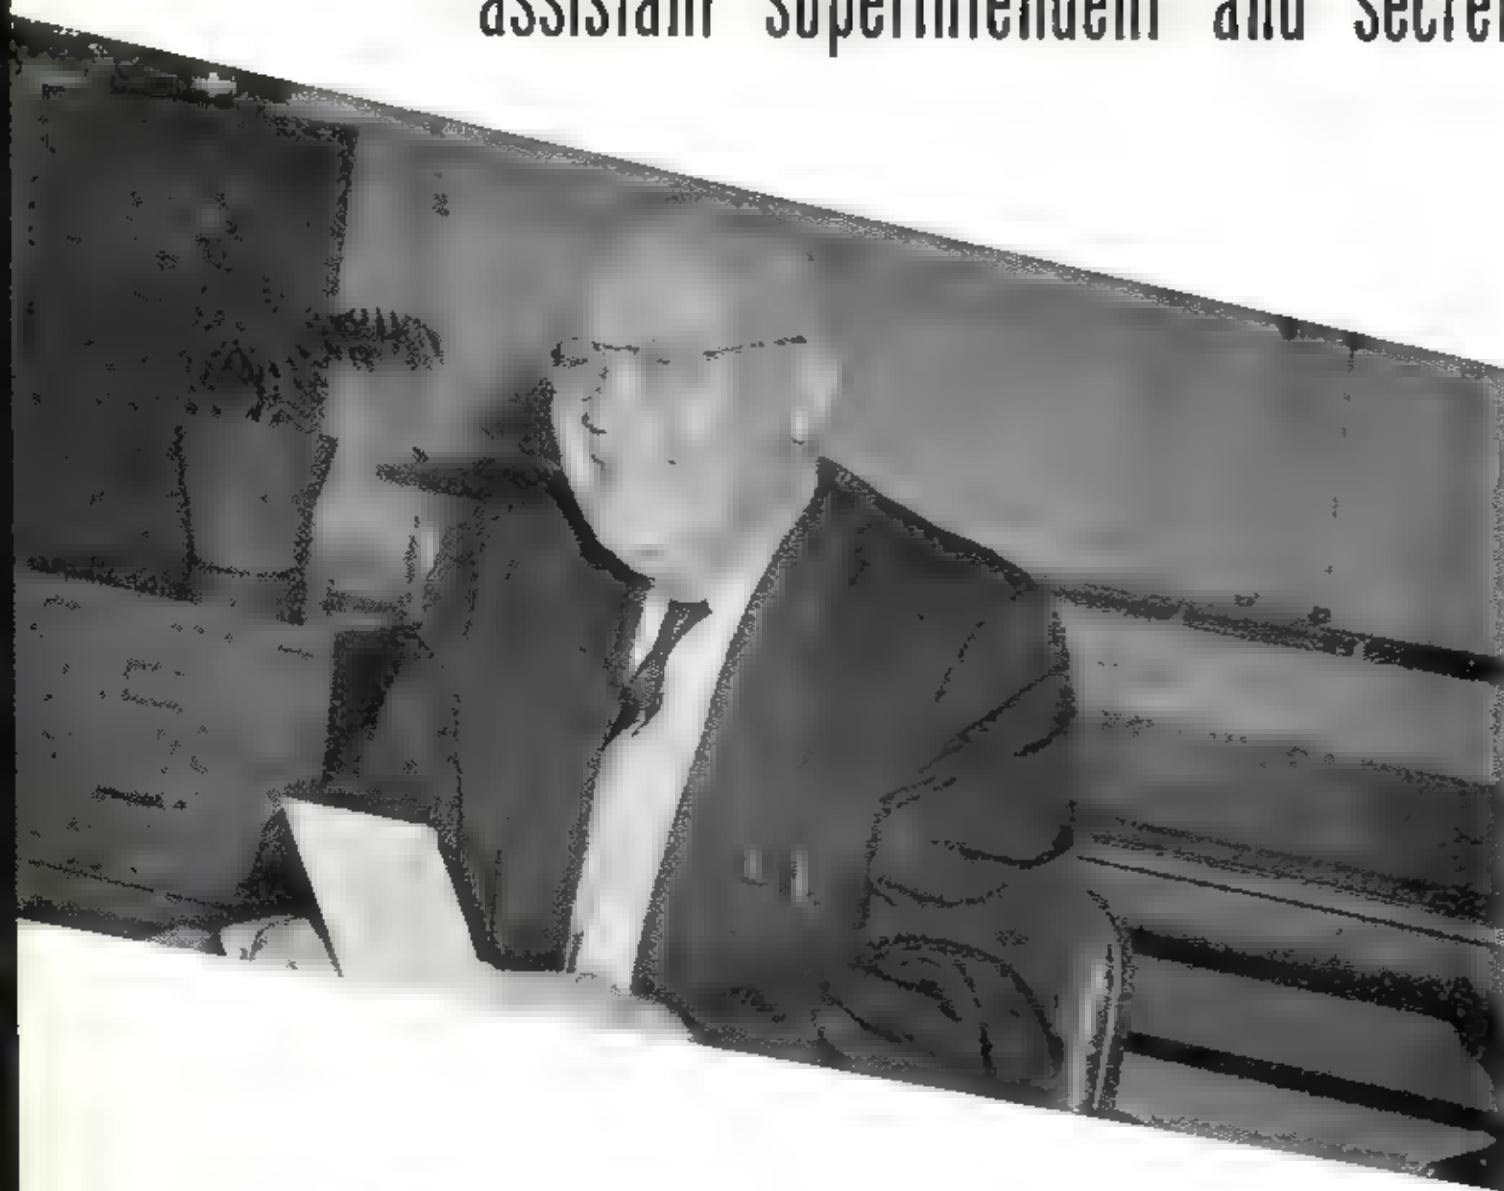

Recently a group of distinguished visitors spent several hours in the Snyder High School. One of these visitors commented that it takes more than a building to make a school, and pointed out that the most outstanding characteristic of the Snyder High School, in his opinion, was the wonderful spirit of co-operation and achievement demonstrated by the students. He stated he had never seen anything to equal it in facilities, program, teachers and student. "However, it is the students who make this school great", said the visitor, "and I am convinced that this is one of America's outstanding high schools." This is the impression which the Snyder High School makes upon many. Naturally it is pleasing that others can see so readily these earmarks of a great school.

When we look at America's flag we think of a great country--proud, human, dedicated to liberty and individual freedom, a light of opportunity for people throughout the world. When we see a diploma it is for us a symbol of achievement. When we look at our school emblem, a Tiger, we are stirred to loyalty and dedication to the things for which our school stands. It is fitting and proper that the sum total of our school should have lasting effect upon our students, our patrons and our visitors as an outstanding place of opportunity for democratic living and learning and for the full acceptance of responsibility. Each of us has a challenge to see that our contributions to these purposes of our school are of the best.

Your friend,

C. L. Yarbrough
C. L. YARBROUGH

assistant superintendent and secretaries

As Assistant Superintendent, Mr. M.E. Stanfield has contributed his knowledge and much hard work to keep the schools running smoothly. He is well known throughout the staff and student body for his ready smile and willingness to help on any problem.

The Administrative Staff of Snyder Schools finds plenty with which to keep busy throughout each day. There is much book work involved in the running of a school system the size of Snyder's. Pictured above are: Mrs. Margie Callaway, Mrs. Joy Colwick, and Miss Thelma Leslie.

director of curriculum services

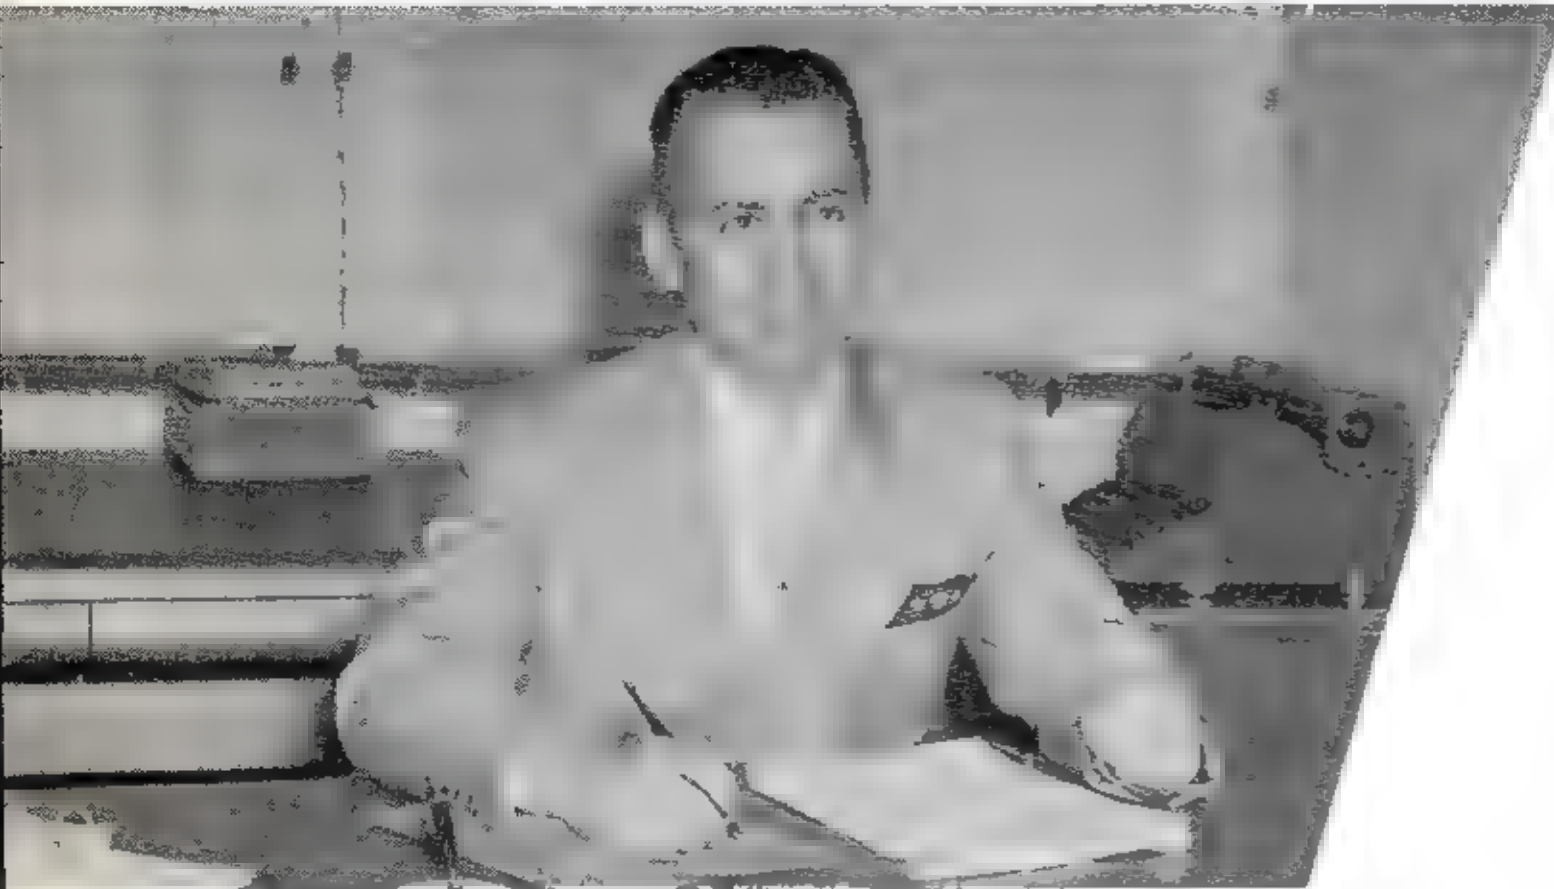

The job of keeping up with the changing demands in the curriculum of a growing school system falls into the capable hands of Mr. Frank Wilson. The addition of the new courses in our schools this year were under his direction and the responsibility of planning new ones for next year will also fall to him. Much of the progress accomplished by Snyder Schools is due to his untiring efforts.

Pictured at right are the principals of the Snyder school system, Mr. J.M. Glass, Mr. Silas Devenport, Mr. Pat Falls, Mr. T.D. Wiman, Jr., Mr. Joel Griffin, Mr. Herman Trigg, and Mr. Frank Weaver. Other members of the administration pictured here are Dr. C.L. Yarbrough, Superintendent; Mr. Frank Wilson, Curriculum Director; and Mr. Clois Henry, Pupil Personal Services Coordinator.

director of business services and secretaries

Mr. A. T. Nicholas, who is director of business services, has a very important job to fill. He is recognized by all for his efficient service to the school and its financial problems.

Miss Frances Boren and Mrs. La Verne Blalock, secretaries to Mr. Nichols are kept busy with the clerical work in the business service department. Their skill and willingness make the work of the administrators much easier.

maintenance and transportation

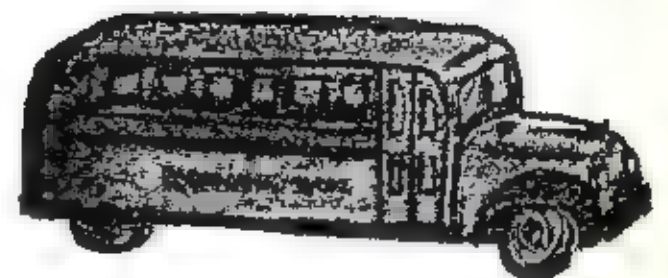

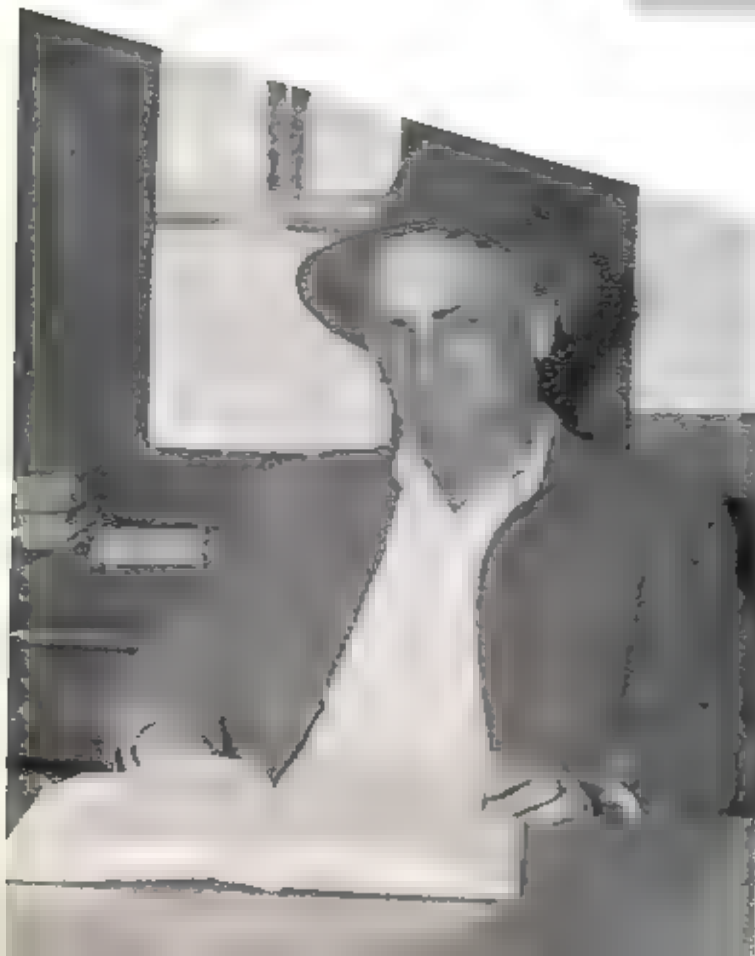

Seeing that everyone from the volleyball girls to the science classes that take field trips have a way to get where they want to go is often a confusing task calling for action on a short notice. Mr. E.L. Taylor, who is director of transportation and maintenance, has been taking excellent care of the job of transporting students and keeping our building in operating shape. The school is grateful for his services.

Mr. Skipper Joyce, Engineer of the Snyder Schools, keeps the buildings in operating condition.

shs cafeteria

Mrs. Lila Dodson has the task of directing the feeding of the hundreds of hungry students each school day at noon. Her work is appreciated by all who have eaten in the cafeterias.

Mrs. Ross Blanchard, manager of the high school cafeterias, spent a busy year planning and preparing meals for students and teachers.

Ready to take trays at the end of the meal are Mrs. Eunice Keller, Mrs. Texa Jones, and Mr. Albert Maddox.

The ladies who serve in the lunchroom are: Left to right-Pluma Jones, Mrs. Albert Miller, Ida DeShan, Doris Underwood, Deane Pierce, Eva Hutchins, and Myrtle Williams.

principal

MR. T.D. WIMAN, JR.

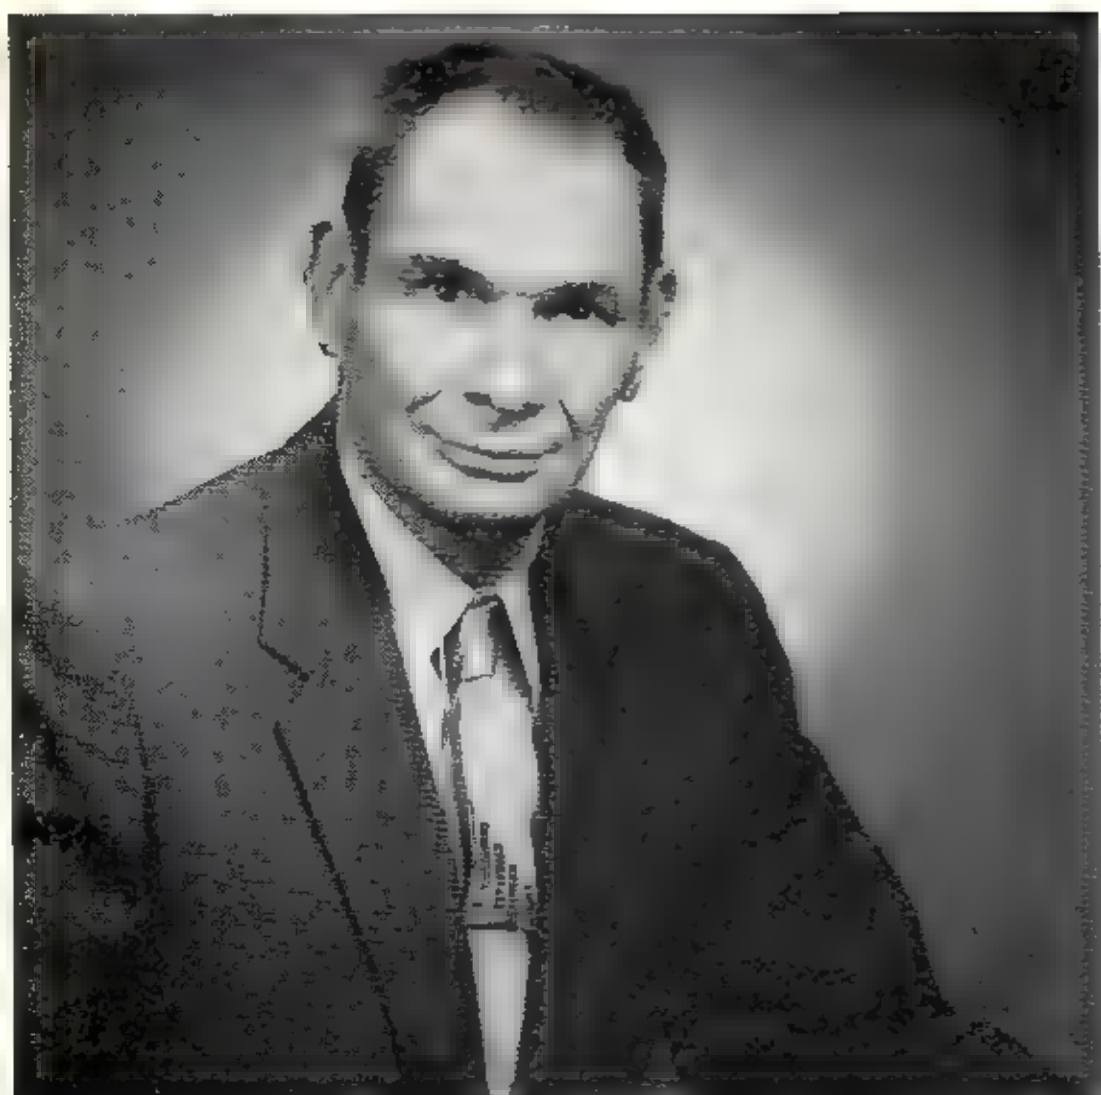

In following the theme of the Tigers' Lair for this year I would like to leave a few thoughts.

In the spring of 1953 as I watched the completion of our high school building, and in the summer as I walked through its halls as the furniture was moved in, there was a feeling that here was a beautiful edifice; the best of equipment, but there was something lacking. Then I realized that the building was only a symbol of something. To give it life and meaning there must be boys and girls with ambitions, wanting to learn; and teachers with an understanding of teenage desires, well prepared academically, well adjusted, and with a love for teaching.

It has been with a great deal of pleasure and satisfaction that we have watched the symbol become alive with a vibrant enthusiasm of life within it as students work, study, play and develop under the leadership of a capable faculty.

administrative assistances

The very capable assistant principal of Snyder High School is J.M. Kayser, who has served in that capacity for the past three years. His authority and impartial manner are known and respected by all. His friendliness and willingness to help and advise have made him a favorite of many.

The lady in the office with the friendly smile and twinkling eyes is Mrs. J.E. Waller, Registrar. Her charming personality has made her one of the best-loved members of the staff. Because she is the first person a new student meets, Mrs. Waller is one of the main reasons for our school's reputation of friendliness.

Mrs. Phil Cherry is secretary to the Student Personnel Department and Library. She handles her varied jobs with efficient skill.

Officers of the Student Council--Bryan Boss, president; Harilyn Ward, secretary-treasurer; and Suzanne Houston, vice-president. Mr. Kayser and Miss Grove sponsor the Council.

The Student Council is always one of the busiest organizations in school. This year it has contributed many things to Snyder High. Among them are the school flag, the coronation ball, refreshments for the bands at football games, the football programs, paintings for the building, and others. This group is made up of one representative from each home room.

Judy Rohr, Joel Tankersley, Freida Melton, and Doug Smith plan their trip to the state convention at Denton.

Gerry Tucker, Bryan Boss, Suzanne Houston, Margaret Trevey, and Mr. Kayser are ready to leave for Mississippi for the Southern Association of Student Councils.

This year, for the first time, students who had science projects attended the annual meeting of the Texas Academy of Science. The four students attending won a first place and three honorable mentions in the Junior Academy division for papers they gave on their projects.

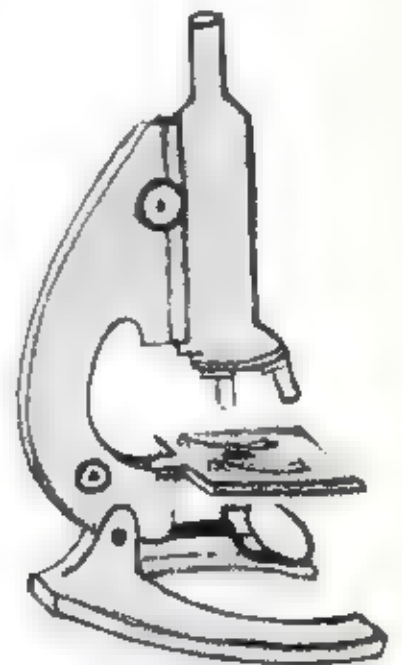

One Senior student from Snyder received honorable mention in the Westinghouse Science Talent Search contest placing among the top three hundred seniors in the nation.

The band section of the music department seeks to find the musicians of the future and develop their abilities through concert band and stage band.

The choral section concentrates on building a music-minded school through the A Cappella Choir, Girls' Choir, and the Madrigal Singers.

Mr. Philip Cherry, director of music at the elementary schools and Mr. Tim Dennis, director of music at Junior High combine efforts with Mr. Montgomery to produce some of our musical programs.

The Junior class has contributed much to the spirit of SHS. Members of the class were outstanding in many different sports.

Several of the members were honored as personalities, receiving honors of Football Sweetheart, DE Sweetheart, and Choral Favorite.

Every year the Juniors give a Junior Play and work in the concession stand to raise money with which to give the Seniors the annual Junior-Senior Banquet.

in memory's hall

Within the hall of memory
A new face there we see--
The quiet eyes, the same sweet smile
Of one who used to be.

We gaze with love upon his face
And softly speak his name;
For those of us who knew him best
The world is not the same.

His face is etched upon our hearts
With friendship's golden ink,
And from the earthly chain of life
We've lost another link.

shs stage band

The very popular Stage Band of Snyder High, composed of the best players in the band, has gained quite a name for itself. They have performed for the annual Chamber of Commerce Banquet and numerous times for service clubs of Snyder. They appeared in several school assembly programs and the annual Homemaking Style Show. Programs have been given at other schools and several concerts in Abilene at the colleges including a television appearance.

In February the Stage Band attended the Brownwood Stage Band Festival and for the second year brought home the AAA Championship. Eight of the members including the vocal quartet were named for the All-Star Band.

This picture is a symbol of the many activities which are part of a high school student's life. In this section are recorded initiations, banquets, assemblies, bonfires, and all these things which mean so much to a student.

features

september . . .

. . . a month of getting the many activities around Snyder High started. One of the first things to take place was the freshman initiation which was great fun for the upper classmen.

Freshmen bow to upperclassmen voluntarily or by force.

These are the students watching one of those exciting Tiger football games.

Mr. Wiman, Margie Smith, Bryan Boss, Joyce Blakely, Judy Rohr, and Dr. Yarbrough are gathered around Dr. Andy Holt, one of the year's outstanding speakers.

Judy Miller, Ramona Thompson, Doris Hataway, Suzanne Houston, Dr. Yarbrough, Mr. Wiman, and Jan Stacey are shown with Mrs. Billie Davis, another of the good speakers.

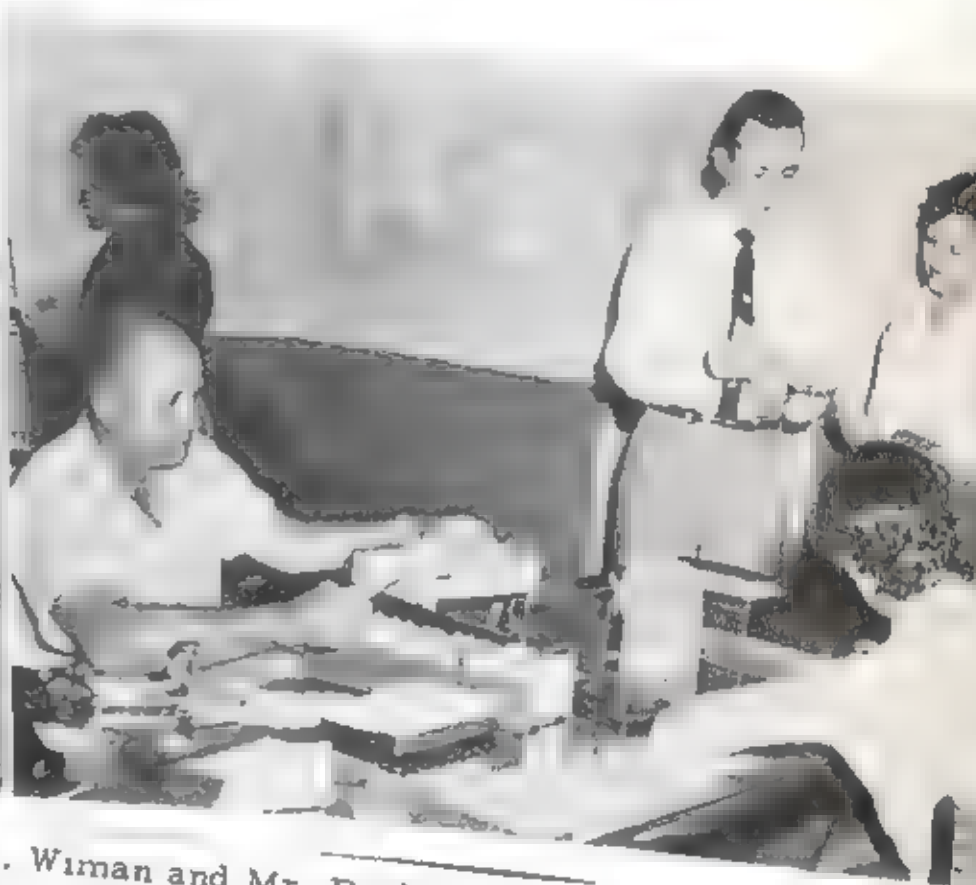

John Mayse is about to become a full pledged member of F.F.A....Sonny, how could you!

The F.F.A. boys and their initiation Robert Nail doesn't seem to enjoy the occasion as much as some of the other boys do.

The football boys were welcomed home by the student body and parents.

Mr. Wiman and Mr. Parks are registering Darla Gilbert for her first year in high school.

The FFA boys took over and initiated their new members--what a mess! Pep Rallies were held to open the new football season with a bang. Our school had two visiting speakers this month, Billie Davis and Andy Holt. Most all of the old clubs began buzzing with elections and other business after the summer lapse.

Pre school registering, as always, was a headache to Mr. Wiman and the rest of the school officials. In the long run, however, it proved very helpful in the beginning days of the new school year.

Margie Smith, Billie Ramsey, and Suzanne Houston show George Mahon through our new High School.

October was another four weeks of humming activity on the campus. With the arrival of the rings, the Seniors realized that time was marching on. George Mahon presented a very interesting address to the student body. Actor Hedley Hepworth impersonated several classical characters of which "Scrooge" seemed more popular with the S.H.S. students.

The F.H.A. girls had their annual installation of officers. This was a very colorful, formal affair.

Sandra Scott, Marsha Fisher, and Mickey Gillean meet Hedley Hepworth as "Scrooge."

Eleanor Browning, former president of FHA, presents the gavel to the new president, Twila Sturdivant.

The FHA girls are holding their installation of officers.

In the month of October we were again honored to have Dr. Sutton in our school. As always, he helped many students solve their problems. A group of students were chosen to take turns keeping elementary classes for one whole day since the teachers were in a conference. Many of the "substitute teachers" had amusing times with the small-frys. Some decided to become teachers; however, some decided differently. We were honored this year by holding the District Teenage Library Convention in our school. Student librarians registered from all around. All complimented our school of which we are very proud. Before the Levelland game Garland Huffman and Junior McCormick gave one of several cute skits we have had this year.

Sandra DeFore and Gay Birdsall interview Dr. Sutton.

Carla Swan and Judy Miller were two of the "teachers for the day" at the elementary schools.

Big attraction at the Levelland pep rally were Junior McCormick and Garland Huffman who presented the "before and after" effects of the opponents team.

Judy Broman and Doris Hataway register guests during the District Teenage Library Convention.

Dr. Yarbrough and our cheerleaders at the bonfire before the Breckenridge game.

These student's presented a P.T.A. play, "Gold in the Hills."

"Mickey at the Movies", with the mean boy played by Sandra Scott, was presented by the 6th period P.E. class for the P.T.A.

The I.C.T. students and Mr. Jackson seem to be enjoying their picnic.

Also during October there was the Breckenridge game and a large campaign to win, which was concluded with a bonfire the night before the game. The P.T.A. sponsored an old fashion melodrama to raise money for the scholarship fund. The sixth period P.E. class presented a play for the P.T.A. this month. All in all, this was a busy, exciting month of our school year.

november

Bruce Evans, Karleen Roberts, Joe Anderson, Clifton Robbins, Vondell Drinkard, P.W. Cloud, participating in the concert, Assistant Director of the Navy Band, Dr. Yarbrough, and Mr. Montgomery are shown here.

...starting the first week with F.H.A. Activities the F.H.A. girls worked hard and did special little jobs around our community and school. The United States Navy Band presented three concerts with some of our own SHS students participating.

The Juniors started play practice this month in hopes of presenting a crowd-catching performance in December.

To the surprise of many, as well as herself, Miss Ann Fish was chosen sweetheart of the football boys.

"Fish" looks mighty happy as the boys present her a bouquet of red roses--she was their recently elected sweetheart.

Joy Richardson, Pat Busby, and Twila Sturdivant putting up a poster to advertise F.H.A. Week.

Coaches Conley, Bostick, Battle, Dillon and Ward gave their assurance of a win at the ball-game that night.

"It couldn't be!..But it is---"visiting cheerleaders from other countries and worlds." Incidentally, the buckaroo is dead--disintergrated by the Marsman.

Frankie Minton plunges in through the "Break the Buckies" sign being held by members of the Quarterback Club.

"Hootie" Redwine takes over as program seller at one of the football games.

....and this smiling bunch of juniors, Sandra De Fore, Lynda Smith, Jane Rogers, Doug Smith, Gealene Robinson tried their skill in one of the concession stands.

The sixth period P. E. girls presented a skit during the pep-rally preceeding the Breckenridge football game. Impersonating cheerleaders of different lands, the received a lot of compliments from the students.

School buses provided transportation for SHS students to the Thanksgiving Day football game at Lamesa with the Golden Tornadoes.

Members of the Quarterback Club were hosts for a barbecue in the high school cafeterias given in honor of the football boys.

december

...a short month because of Christmas vacation, but it was filled with many activities. The journalism students attended the Texas High School Press Association in Denton. Staying on the campus of "Tessie," the girls had a wonderful as well as educational time for the program was planned perfectly.

The Juniors presented their class play, "Our Town", a very serious drama, the second and third of this month. Its theme was "Life is important and great, but something greater lies hereafter." The audience's imagination played an important role because no scenery or "props" were used.

Funeral scene taken from the third act of the junior play. The people on the left are among the dead; the others are paying their respects at the funeral.

Overwhelmed by "Chopstocks", being played by Mr. Franklin Pruitt and Mickey Gillean, are from left: Marsha Fisher, Sandra Scott, Ramona Thompson and Dolores Ellis in a T.S.C.W. dorm at Denton.

Pictured above are Mr. Mark McLaughlin and Mr. C.T. McLaughlin with the painting presented to our school.

The Tigers played their first basketball game of the season this month. Their first few games gave a very prosperous outlook on the oncoming meets.

The McLaughlins of the Diamond M Foundation presented the school with another beautiful painting. This piece of art may be seen in the library.

Jimmy Bennett claims he had, but then lost his subscription for an annual, Lawyer Blair is trying to prove he really never had one.

An exciting ping-pong game seems to be underway in the rumpus room.

Passing on through December, the annual staff gave a skit to advertize the annual subscription campaign. The scene was a trial in a courtroom.

The rumpus room, now open for student use, is the scene of ping-pong, checkers, music and several other activities.

Drawing close to Christmas, most of the homerooms began decorating for the holidays.

"Booger" Townsend and some of his "pets." Biology is one of his favorite subjects as anyone can see.

Miss Zaida Brown and Marjorie Norton proudly show off the Christmas decorations on their classroom door.

Coach Conley introduces Captains Steve Blair, Bernie Hagins, and Doug James to guest speaker Mr. Garland Beachamp. Dr. Yarbrough and Mr. Wiman are standing on far right.

Ready to tackle the food, the football boys and their dates are from left: James Tate, Clint Blackard, Bobby Joines, Jo Ann Miller, Joyce Blakely, and Willy Denson.

Mr. Pevey!!! What are you doing???

Student Council members Gerry Tucker, Carolyn Sturdivant, Margaret Trevey, Doug Smith pass out drinks to Patsy Harless, Darla Gilbert, John Ward, Dottie Dugus, James Patterson and Ramona Thomas.

The mothers of the football boys gave a banquet for the boys and their dates in the cafeteria. Guest speaker of the evening was Garland Beachamp, football coach for A. C. C. in Abilene. This gala affair added much color as well as good food to our month of December. A Christmas program was given by the choral group for the student body. Some of our choral students also sang in the 'Messiah' presented on Sunday afternoon. Before getting out for the holidays the student council gave a "coke party" in the patio for all the SHS students. The Snyder Tiger Flag was given as a Christmas present from the council to the student body as a final touch of Christmas feeling before leaving school for the holidays. Even though we were out the last days of this month, December still turned out to be full of busy activities---one we would not want to change out of our past.

Flying underneath the United States flag is the new school flag. Since it was a Christmas gift from the student council, this is the first time it has flown over our campus.

January

...a month of settling down to the busy school schedule after the holidays. Everyone seems to be especially proud of our new flag with a black and gold Tiger on either side. One of the first highlights of the month was

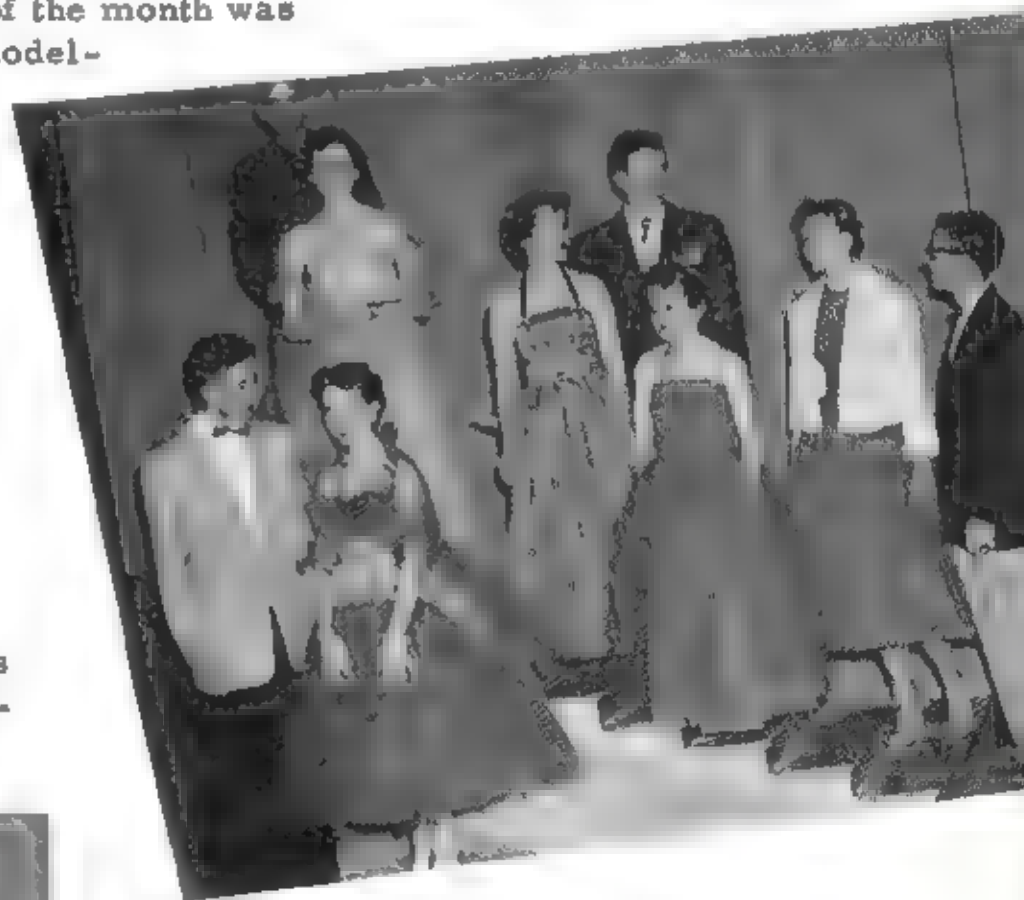

the homemaking girls' style show. They modeled clothing which they made. The Tigers started into their district basketball games during the second week of this month.

Classes were dismissed on account of snow but no one really seemed to mind as snow is something practically new around Snyder.

Carla Swan, Carolyn Sturdivant, and Sara Dennis really seem to be enjoying the change in the weather.

A '54 graduate of Snyder High, Dick Sealy brought these paintings back from Japan and gave them to Miss Northcutt and the annual staff. We all thank Dick very much for giving them to us.

On top of all the other activities, a little studying, a lot for some, was done in order to master the mid-term exams which loomed up the latter part of this month.

The volleyball girls, known as the Tigerettes, began practice in order to be able to meet their first games next month.

These students had their prize-winning essays published in the anthology Young America Speaks. They are, from left to right: Beverly Scott, Steve Blair, Shelby Smith, Eleanor Browning, Jan Stacey, Thomas Rigsby, and Clare Smith.

Several of January's basketball games turned out to be genuine thrillers. Spirit, aroused by these close games, ran high among the students. More than one of the games had to be completed with overtime. Pep rallies were held; eye-catching posters were put up all along the halls. Yes, all that could come, packed the gym to see the Tigers play ball.

Students go to the library for research and study. The student above seems to be studying or maybe doing research work on "Little Lulu."

The library is one section of our school which every student appreciates. Not only may he do research and check out books, but he may read any daily newspaper or magazine of his choice.

...a month packed full of banquets, parties and dates.

The D.E. banquet started the activities in a colorful whirl. Keeping their sweetheart a secret until banquet-time, Miss Betty Green beamed radiantly as she burst through the paper heart when her name was called. Betty was presented with a bouquet of roses which she accepted happily. This is another occasion to add to our gay, colorful, festive affairs because it was truly a wonderful banquet.

Several Distributive Education Clubs attended the "Pow-Wow Party" given at the Youth Center by our own D.E. students. All the students met, became friends and exchanged ideals. This was one of the nicest get-togethers held this year.

"Pinning orchids on the teachers" was one way the D.E. students showed their appreciation for the teachers of SHS.

We should be, and are proud of our well organized Distributive Education Club.

Betty seemed very happy as Mr. Wiman prepared to crown her D.E. Sweetheart.

Mr. Wayne Pevey, Hubert Starnes and Gerry Tucker look over some of the shop projects being displayed in the gymnasium. Projects made ranged from trays or bowls to tables, beds and boats.

Steve Blair sampled cake made by FHA girls for a cake-baking contest.

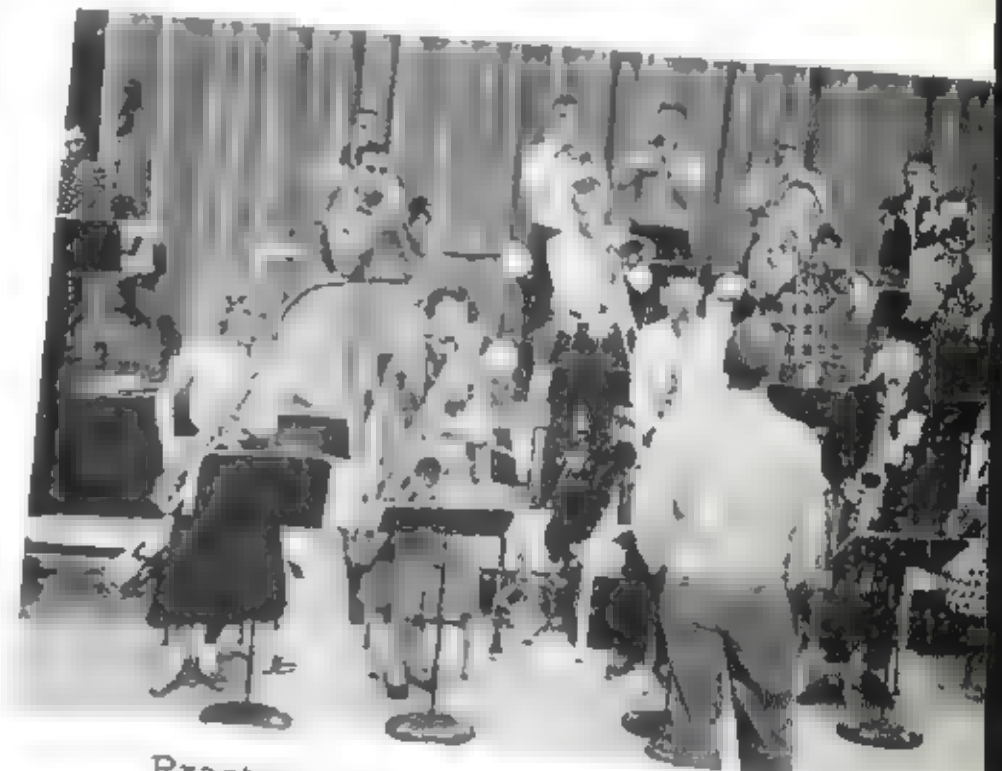

Bruce Evans and Herbert Portis received the Arian Awards from Mr. Wiman. Pictured with them are Mr. Montgomery, band director, and Mr. Clinton, choral director.

The F.H.A. girls gave a tea for the faculty. Mr. Wiman, Mrs. Hodges, Miss Grove and Mrs. Faver are being served.

Everyone was busier than ever at this time around SHS. Our band received many honors in contests all around. The stage band played for the student body several times. All of us are very proud to have such excellent bands.

The F.H.A. girls, still going strong, gave a tea for members of the faculty. The girls planned and prepared the whole occasion. Mr. Wiman "got away from things and students" by attending the conference of Secondary Principals in Atlantic City, New Jersey.

It's no wonder the Tigerettes look happy--they just beat the Odessa girls by one point.

Twirp Season enjoyed by all, especially the boys, hit the middle of February with problems for the girls. Nine whole days of carrying books, opening doors, asking for dates and paying all expenses kept the girls busy. Most of them used their own or family cars. During this period the boys sat back and relaxed with very few, if any, worries. Parties were given for the "Twirpers" and their dates at the youth center. Most everyone can look back on this period of time and remember how much fun it was to take on the social responsibility of their opposite gender

Darla Gilbert is "toting" the books for Fritz while Nell Crawford opens the door for Bobby Staton. The boys don't seem to mind at all.

Bob Rodgers and Hilton Horton decided they wanted refreshments, so their "Twirpers", Betty Hunt and Ann Brush came to their aid.

Mrs. Richardson took her general science class through a water projection plant.

SHS students went to Sweetwater for the basketball game.

Students signed up to go on buses to the Plainview basketball game. Many did turn out for the game despite the freezing weather.

Our different science classes took several interesting field trips---through different plants around Snyder. These trips proved to be very educational to students interested in these particular fields of work as well as to those who had never been through a plant.

To conclude February, the basketball boys held their banquet in the Humble recreation hall. Their mothers worked especially hard to make the affair a success for the boys and their dates.

Snyder Junior Livestock show was the scene of FFA and 4-H boys with their stock from all over the county. Several Snyder FFA boys had animals which rated exceptionally well. This annual event is looked forward to each year.

The baseball boys started in on their schedule this month and established a pretty good record.

We were very honored by having some very distinguished people visit our school this month. Tony, a twelve-year old Korean boy, gave a concert for the student body. Mr. W.M. Fuller, and C. T. McLaughlin were two of the guests for the occasion.

Billie Green seems quite pleased with his Grand Champion and Reserve Champion barrows.

Mr. McLaughlin was responsible for bringing Tony to Snyder where he entertained S.H.S. students with an excellent piano concert. Miss Dowess accompanied him on a second piano. Gen. Anderson is sponsoring Tony in his musical career.

Miss SHS, Margaret Trevey, and Mr. SHS Joel Tankersley lead the "bunny-hop" at the coronation ball.

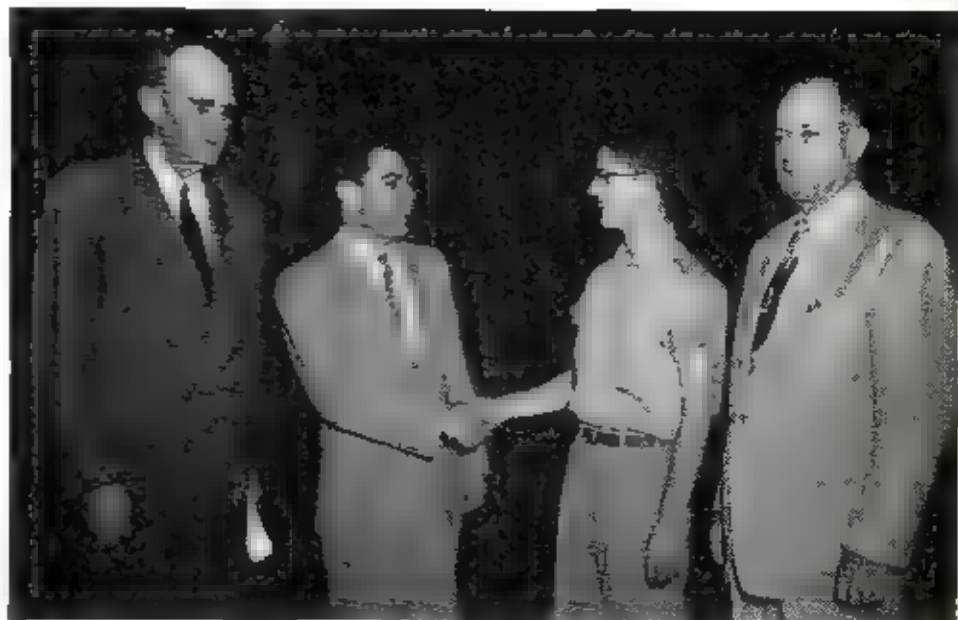

"High-Pressure Area" was presented by these students from left: Perry Bolger, Debra Smith, Linda Milam, Wanda Powledge and Alan Sneed.

March the seventh was the date chosen for the Snyder High's coronation, sponsored by the annual staff. Keeping the election of Miss SHS secret until the coronation time, Miss Margaret Trevey looked astonished but happy when Mr. SHS, previously announced as Joel Tankersley, read her name from a sealed envelope and assisted her to the throne.

This formal occasion was the prettiest affair held so far in our auditorium. A coronation ball was held for members of the Queen and King's court and anyone else present in the audience. The ball took place in the gym, which was decorated with balloons and blue confetti by the Student Council.

Some of our speech students, directed by Mr. Pevey, presented "High Pressure Area", a play dealing with dating problems for teenagers. They were called upon several times to give it before various groups.

Since the Music Festival and Canyon Reef Relays fell on the same day, Snyder was filled with bands, choral groups and track boys. The school was the center of busy activities which lasted Friday and Saturday.

Bands entering the marching contest during the Music Festival performed in a parade held in town. Bands from all around come to enter the various contest. All wished to take a trophy back to their own school. The Snyder High Band marching in the parade, is pictured on the right.

Having a nice sunny day for the track meet, a large crowd gathered to watch the different divisions. The boys rested at intervals on the football field between the various contests. The track meet turned out to be a bigger success than ever before this year.

A boy in a football suit is a symbol of the many girls and boys who are interested in and participate in athletics. Ysleta, September 11 - The Snyder Tigers under the new head coach, John Conley, succeeded in outscoring the Ysleta Indians 26-12 before a crowd of 3500.

Ysleta opened the scoring in the second quarter when quarterback Sal Arzola plunged through the middle for the tally. Ysleta's conversion failed, leaving the score at 6-0. The Tigers bounced back upon receiving the kickoff and drove from their 27 yard line with the passing of Bernie Hagins and running of Jimmie Bennett. Bennett scooted over for the T.D. Steve Blair converted making the score 7-6. Following this was another Snyder touchdown by Jack Spikes. The conversion failed. Arzola then swept in for another Ysleta score ending the half with a score of 13-12, when their conversion failed.

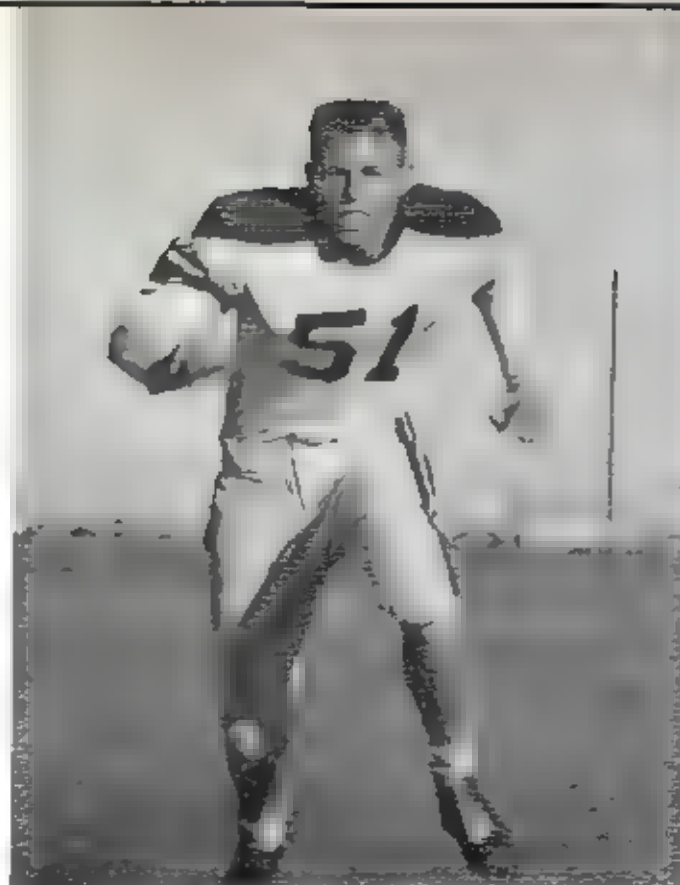

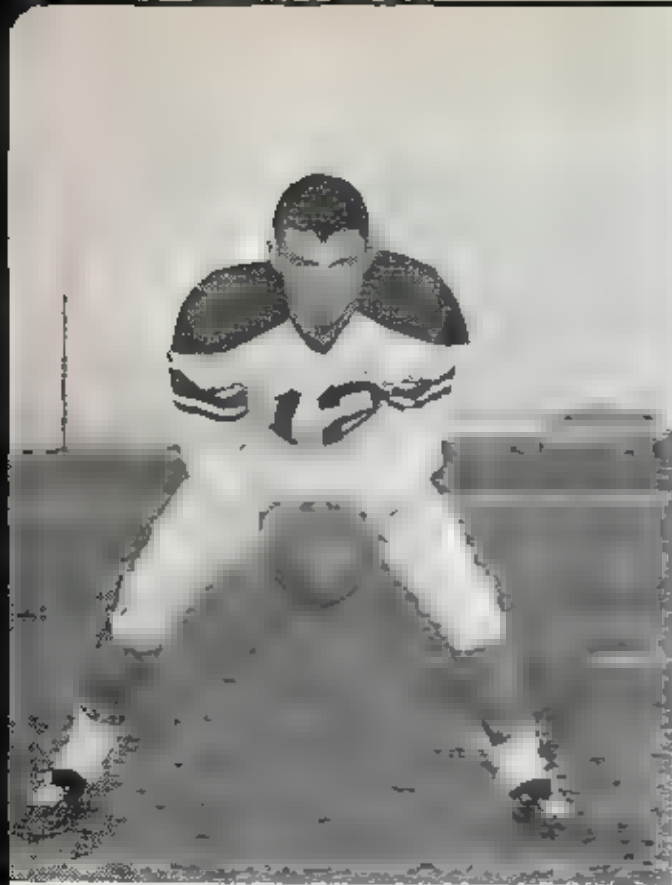

In the second half the Tigers scored 13 more points, and the final score remained at 26-12. Two touchdowns were made by Gerald Crawford. Heading up defense were Frankie Minton and Doug James, and chief offensive blockers were Don McNew and James Parker.

LOBOS' PASSING THROWS 13-6 LOSS ON TIGERS

Levelland, October 8 - Although the Tigers lost this the first district game, they showed more potentiality than in any previous games. Levelland had to use its passes, for the Snyder defense was stopping nearly all the ground plays.

Snyder's Joe Baxter opened the scoring early in the first quarter with a 44 yard run behind the blocking of Shorty Grimm and Alan Snead. The try for extra point failed, leaving the score at 6-0. The Lobos struck back in the second quarter with a TD by Tommy Evans. The conversion was unsuccessful and the score was 6-6 at the half. In the third quarter a passing attack soon put the Lobos on the one yard line and Evans crossed. The extra point try was good and the final score was 13-6.

Heading defensive players were Grimm, Frankie Minton, and James Parker. Offensive blocking was lead by Snead, Powell Berry, and Minton Ham.

LATE MUSTANG SURGE DEFEATS TIGERS, 13-12

Sweetwater, October 16 - The Sweetwater Mustangs who were outplayed throughout the game defeated the Snyder eleven in a heartbreaking game. The Tigers' line was like a brick wall and their offensive plays clicked. This was quite a surprise to Sweetwater fans who expected a cinch.

Joe Baxter made the first touchdown after a drive following the first kickoff. In the third period Gerald Crawford swept end for the second tally making the score 12-0. Sweetwater took the kickoff and turned it into a score, but the conversion failed. In the fourth quarter the Mustangs scored, and Frank Smith kicked the extra point to win the game 13-12.

SNYDER TAMES VERNON LIONS, 14-7

Lamesa, October 22 - Coach John Conley's Tigers came out of the Vernon game with a 14-7 victory. The team played hard and certainly deserved the win.

It would be hard to pick the outstanding player, but Steve Blair is one of them. Blair, a senior guard, blocked a Vernon punt, grabbed the ball, and galloped 45 yards for the first TD of the game behind Milton Ham's key block. Ham also played exceptionally good football. The second score of the game was made by Jack Spikes in the second quarter. Frankie Minton kicked both the extra points. Vernon did not manage to score until the final minutes of the game 14-7.

TIGERS GRIND OUT 39-19 VICTORY OVER BULLDOGS

October 29, Snyder - A vicious ground attack put out by the Snyder Tigers overwhelmed the Bulldogs of Plainview 39-19.

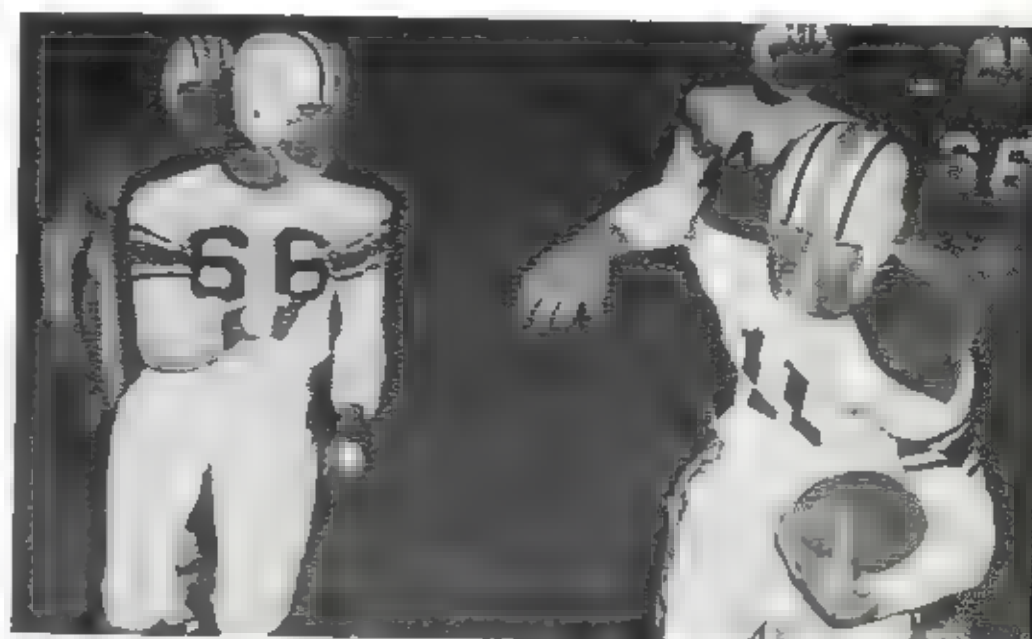

The Tiger backs racked up 338 yards rushing to the Bulldog's 193. Even though the Snyder defense was not playing its best game, the offense proved fatal to the Plainview eleven. The Tigers started out like a house afire scoring four out of five times it held the ball in the first half. Plainview scored once leaving the score 25-6 in the first half.

In the second half the game was a little more even with both sides scoring twice making the final score 39-19 as the game ended.

As the game opened, both teams did little damage until the wild Buckaroos scored four times and Snyder once, leaving the score 28-7 the first half. The last half was played much closer with the Buckaroos scoring twice and the Tigers once to finish the scoring for the night.

TIGERS DROP GAME TO BIG SPRING, 32-15

Big Spring, November 19 - The Big Spring Steers defeated Snyder 32-15 in the last quarter. Contributing to Big Spring's good fortune was the injury of Joe Baxter in the second period and Don McNew's injury in the third. Jack Spikes was also slightly injured. Big Spring just outlasted the Tigers.

The first scoring took place when Spikes pushed Ronnie Wooten into the end zone for a safety. Big Spring scored after that. In the second period Spikes scored to make the score 8-7. The Steers scored again. In the last half the Tigers scored once again and the Steers tallied 18 points.

BATTERED TIGERS EDGE LAMESA 7-6 TO CLOSE SEASON

Lamesa, November 25 - The Tigers played the "fired-up" Tornadoes without the assistance of four first stringers who were sidelined because of injuries. It was a close game all the way with Snyder scratching out a 7-6 victory over Lamesa.

Lamesa scored first with 3:45 left in the first quarter on a 20 yard pass from Chapman to Bartlett. They failed to convert leaving the score 6-0. Snyder scored as quarterback Powell Berry slipped over from the 8 yard line. Joe "the toe" Reaves kicked the extra point, which proved to be the winning factor of the game, leaving the score 7-6, as the first half ended.

The second-half found the Tigers desperately fighting off the storms set up by the Tornadoes. Joe Reaves broke up Lamesa's last chance to win when he blocked the field goal attempted by the Tornadoes with but a few minutes left in the game. Snyder took over and held the ball until the end giving Snyder a 7-6 victory and Coaches Conley, Battles, and Bostick a 6-4 season record.

Managers Carl Burns and Jerry Hale gave as much time and effort in making the Tigers a great ball club as anyone. Their readiness and willingness made them a favorite of the football boys as well as the coaches. Without their assistance, the season of 1954 would not have been half as good for the Tigers.

SPIRIT OF CO-OPERATION

Basketball is one of our most exciting school activities. It is made so by fast action and lively team co-operation. Accurate judgement, speed, individual skill, quick thinking, and the closest kind of teamwork are exhibited by each player from the first sound of the buzzer to the last minute of the game.

A spirit of co-operation is also needed by the fans with each other and the team as well. At tense moments a little common judgment and self-control applied will save hard feelings later.

Remember after the game that it is only a sport and the feelings between the schools and students are more important than the score.

volley

Although some of these Tigerettes have spent three and four years with the squad; compared to the teams on their rugged schedule, volleyball in Snyder High, is still in its infancy.

As with any sport or department, it has to develop over a period of years, and each year we have strained to accomplish one main goal. This year, the Tigerettes proved, at their first home game, that volleyball can be interesting, as they defeated the Odessa team 23-22 after the final whistle had blown.

These freshmen girls, who have worked so diligently for so little, will mean the difference between a winning or a losing team in the future. With the eagerness to learn and work and the sincere desire to be a member of the team, which these girls have shown, the days of getting girls out for the first time as juniors or seniors are over.

baseball

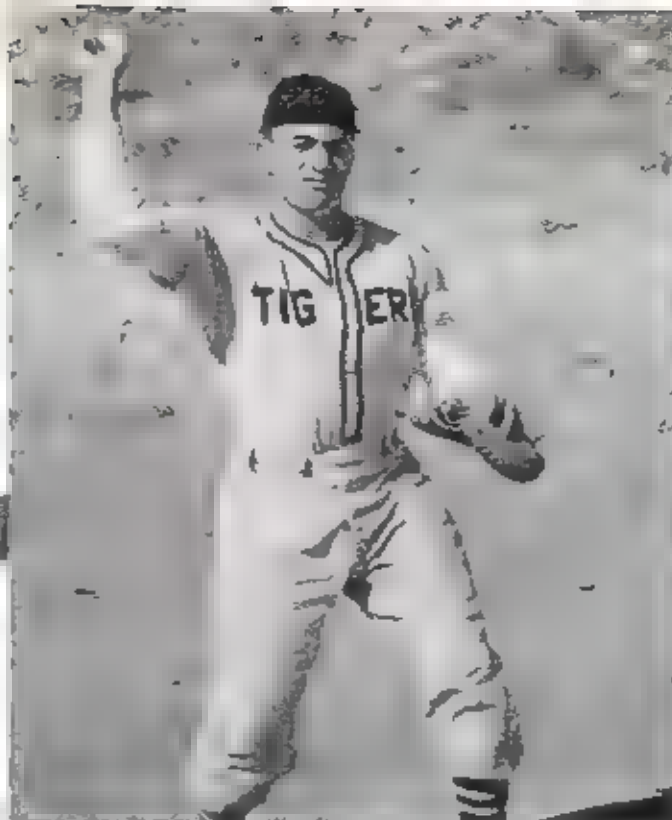

With the coaching of "Speedy" Moffett and Horace Bostick, baseball is becoming one of the major sports in Snyder High School. Last season the Tigers showed much potential ability considering the fact that baseball was re-organized then after a period of several years.

The Tigers are not only known for their hustle and determination but also for the fine coaching they receive.

In preparation for a game the Tigers work out in all kinds of weather. Here we find them practicing in cold weather which makes this workout unpleasant.

Warming up before the game is one of the important parts of baseball. Here we see the Tigers going through a warmup.

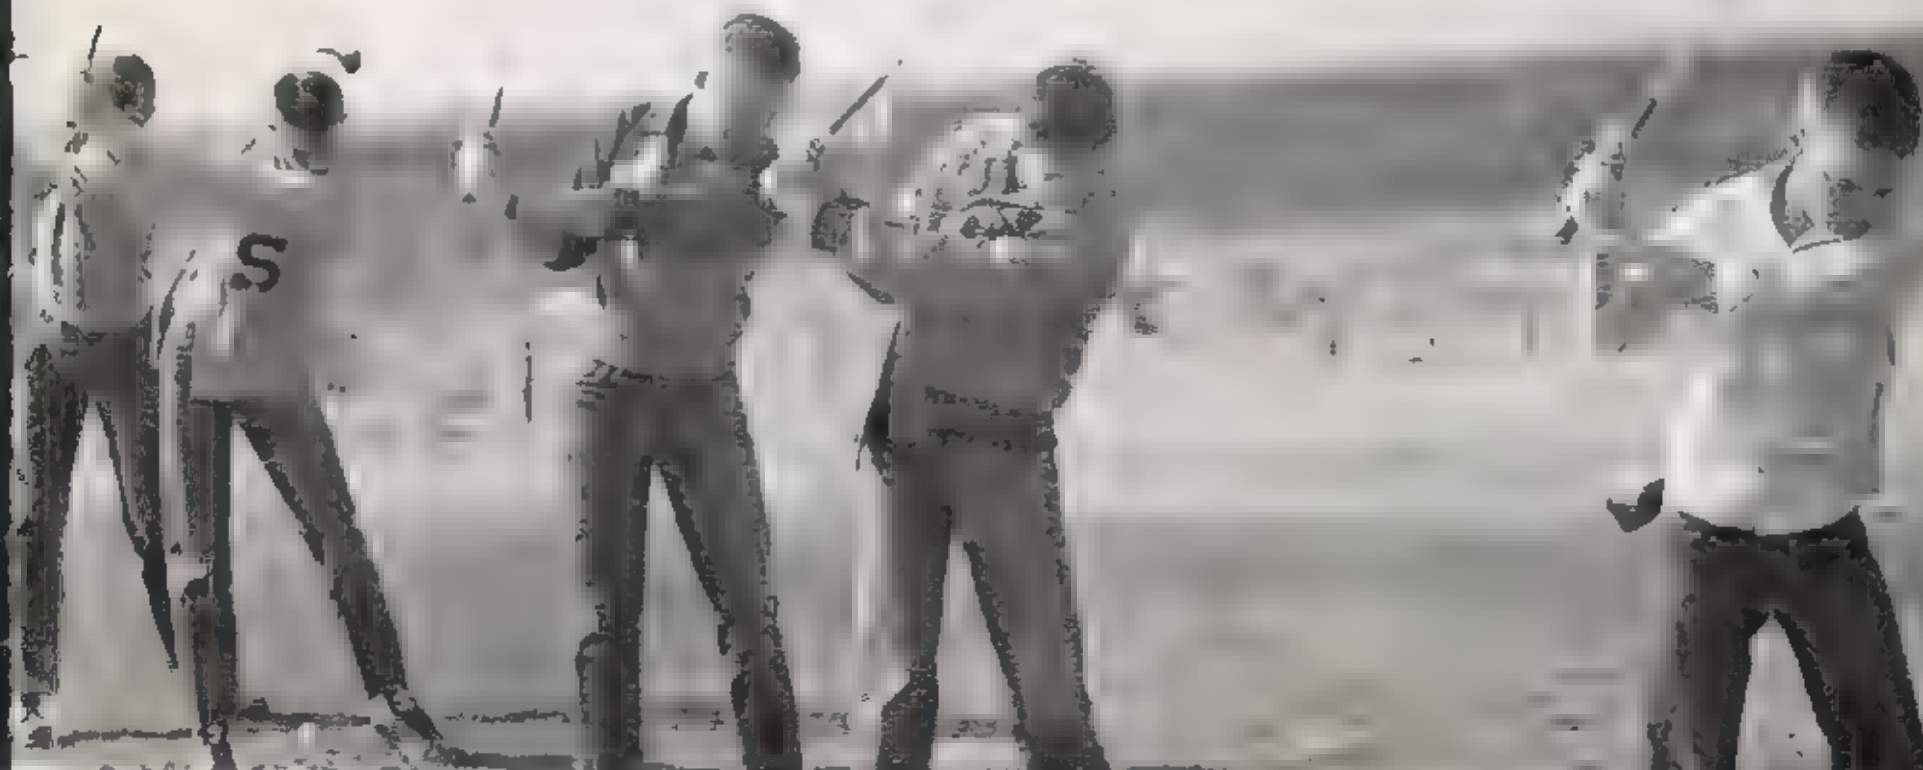

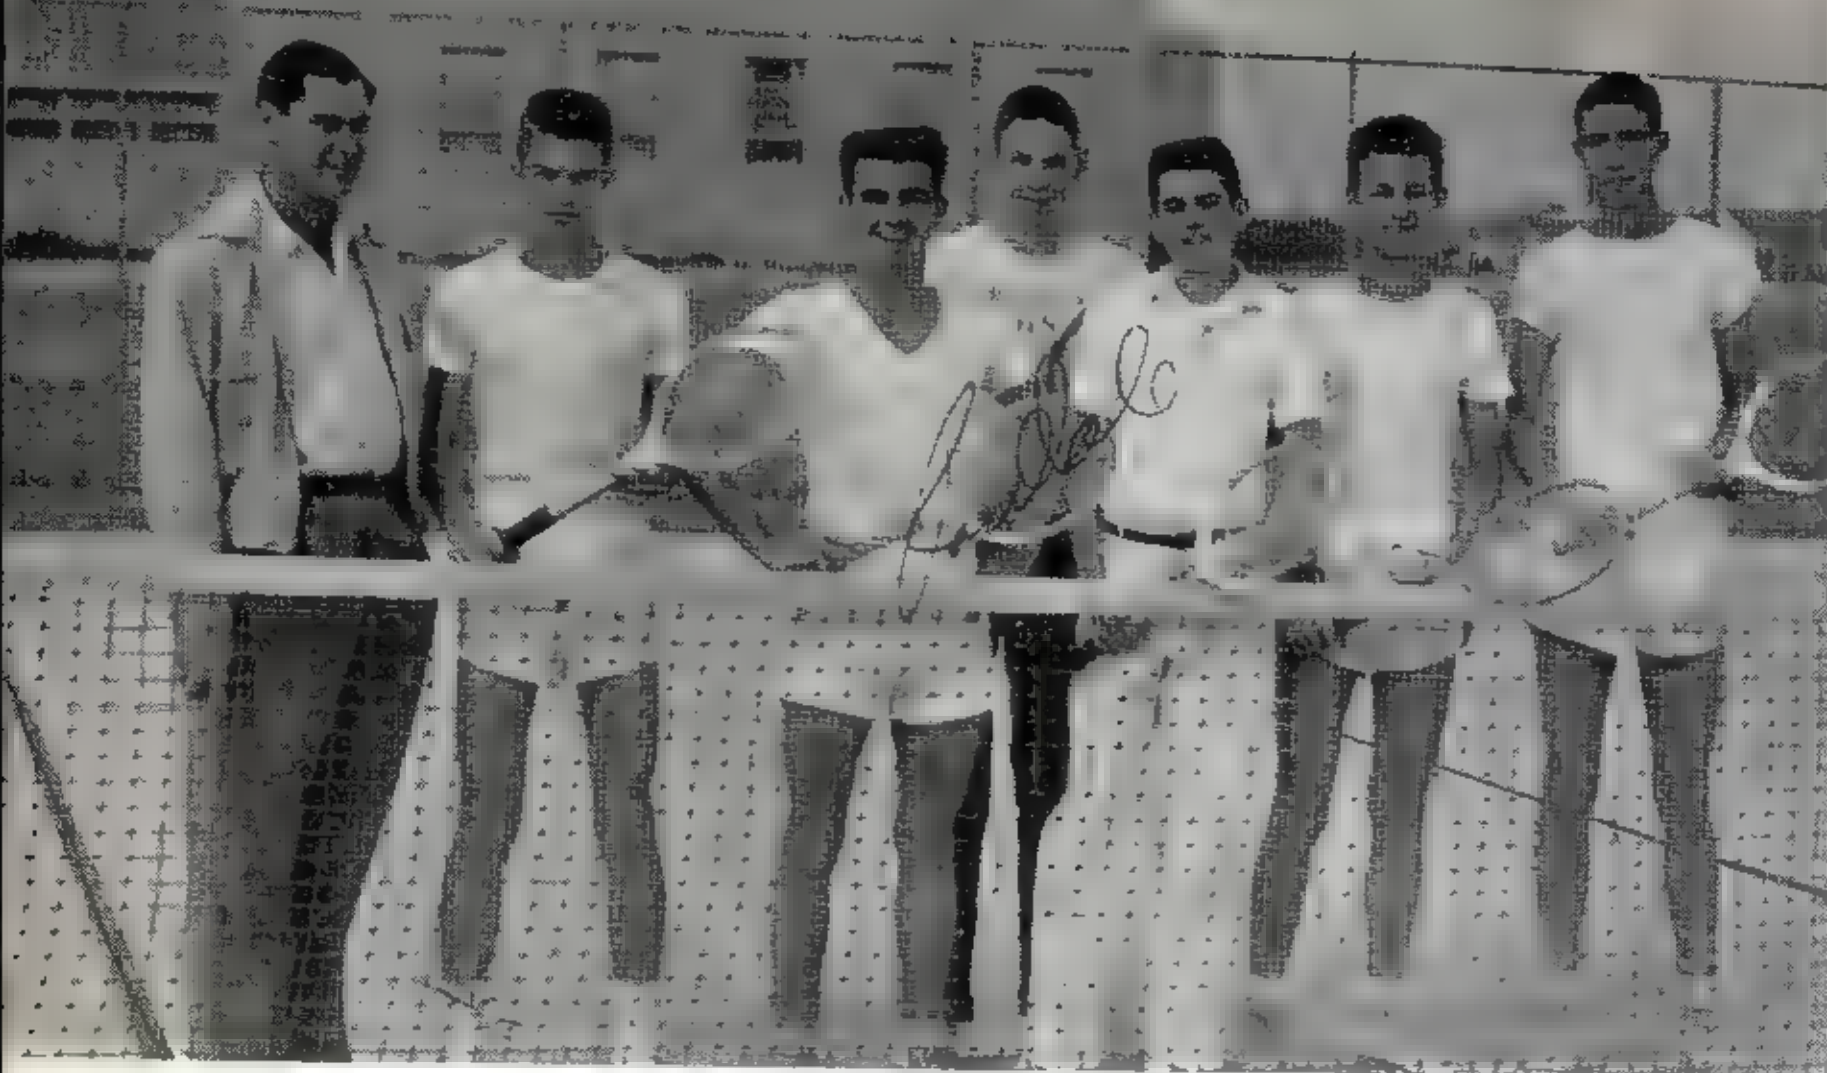

Golf means plenty of walking, sweating and sometimes nervousness. We find the linksmen resting after a round of golf. They are: Hubert O'Neal, Tommy McClatchy, P.W. Cloud, Jimmy Cloud, and Tommy Hensley.

golf

Vast improvement was in the cards for the Tiger golfers with two returning lettermen, P.W. Cloud and Tommy Hensley. Coached by Hal Battle, the linksmen worked everyday at the Snyder Country Club. The team picked up some needed material in Tommy McClatchy, Hubert O'Neal, and Jimmy Cloud. Coach Battle took these boys to several golf meets which gave them much needed experience.

The golfers are shown teeing off as the season gets under way. FROM LEFT TO RIGHT: O'Neal, McClatchy, P. Cloud, Hensley, J. Cloud.

THE TEAM FROM LEFT TO RIGHT: Coach Ward, Ronald Smith, Randall DeShan, L.F. Cox, Ronnie Pitner, Jerry Hale, and Joel Tankersley.

tennis

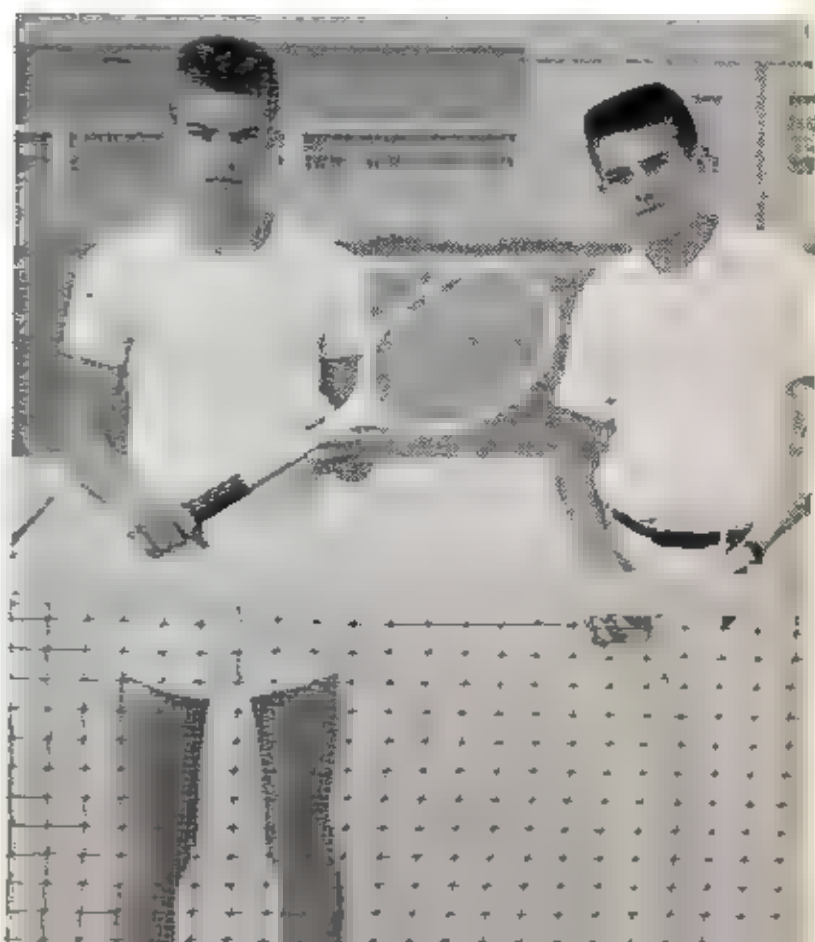

Tennis is a sport which is growing along with the other sports. The coaching of J.P. Ward and the willingness to work which the team has shown will soon put the Snyder Netmen among the best of the district.

Top singles players are Ronald Smith and Ronnie Pitner.

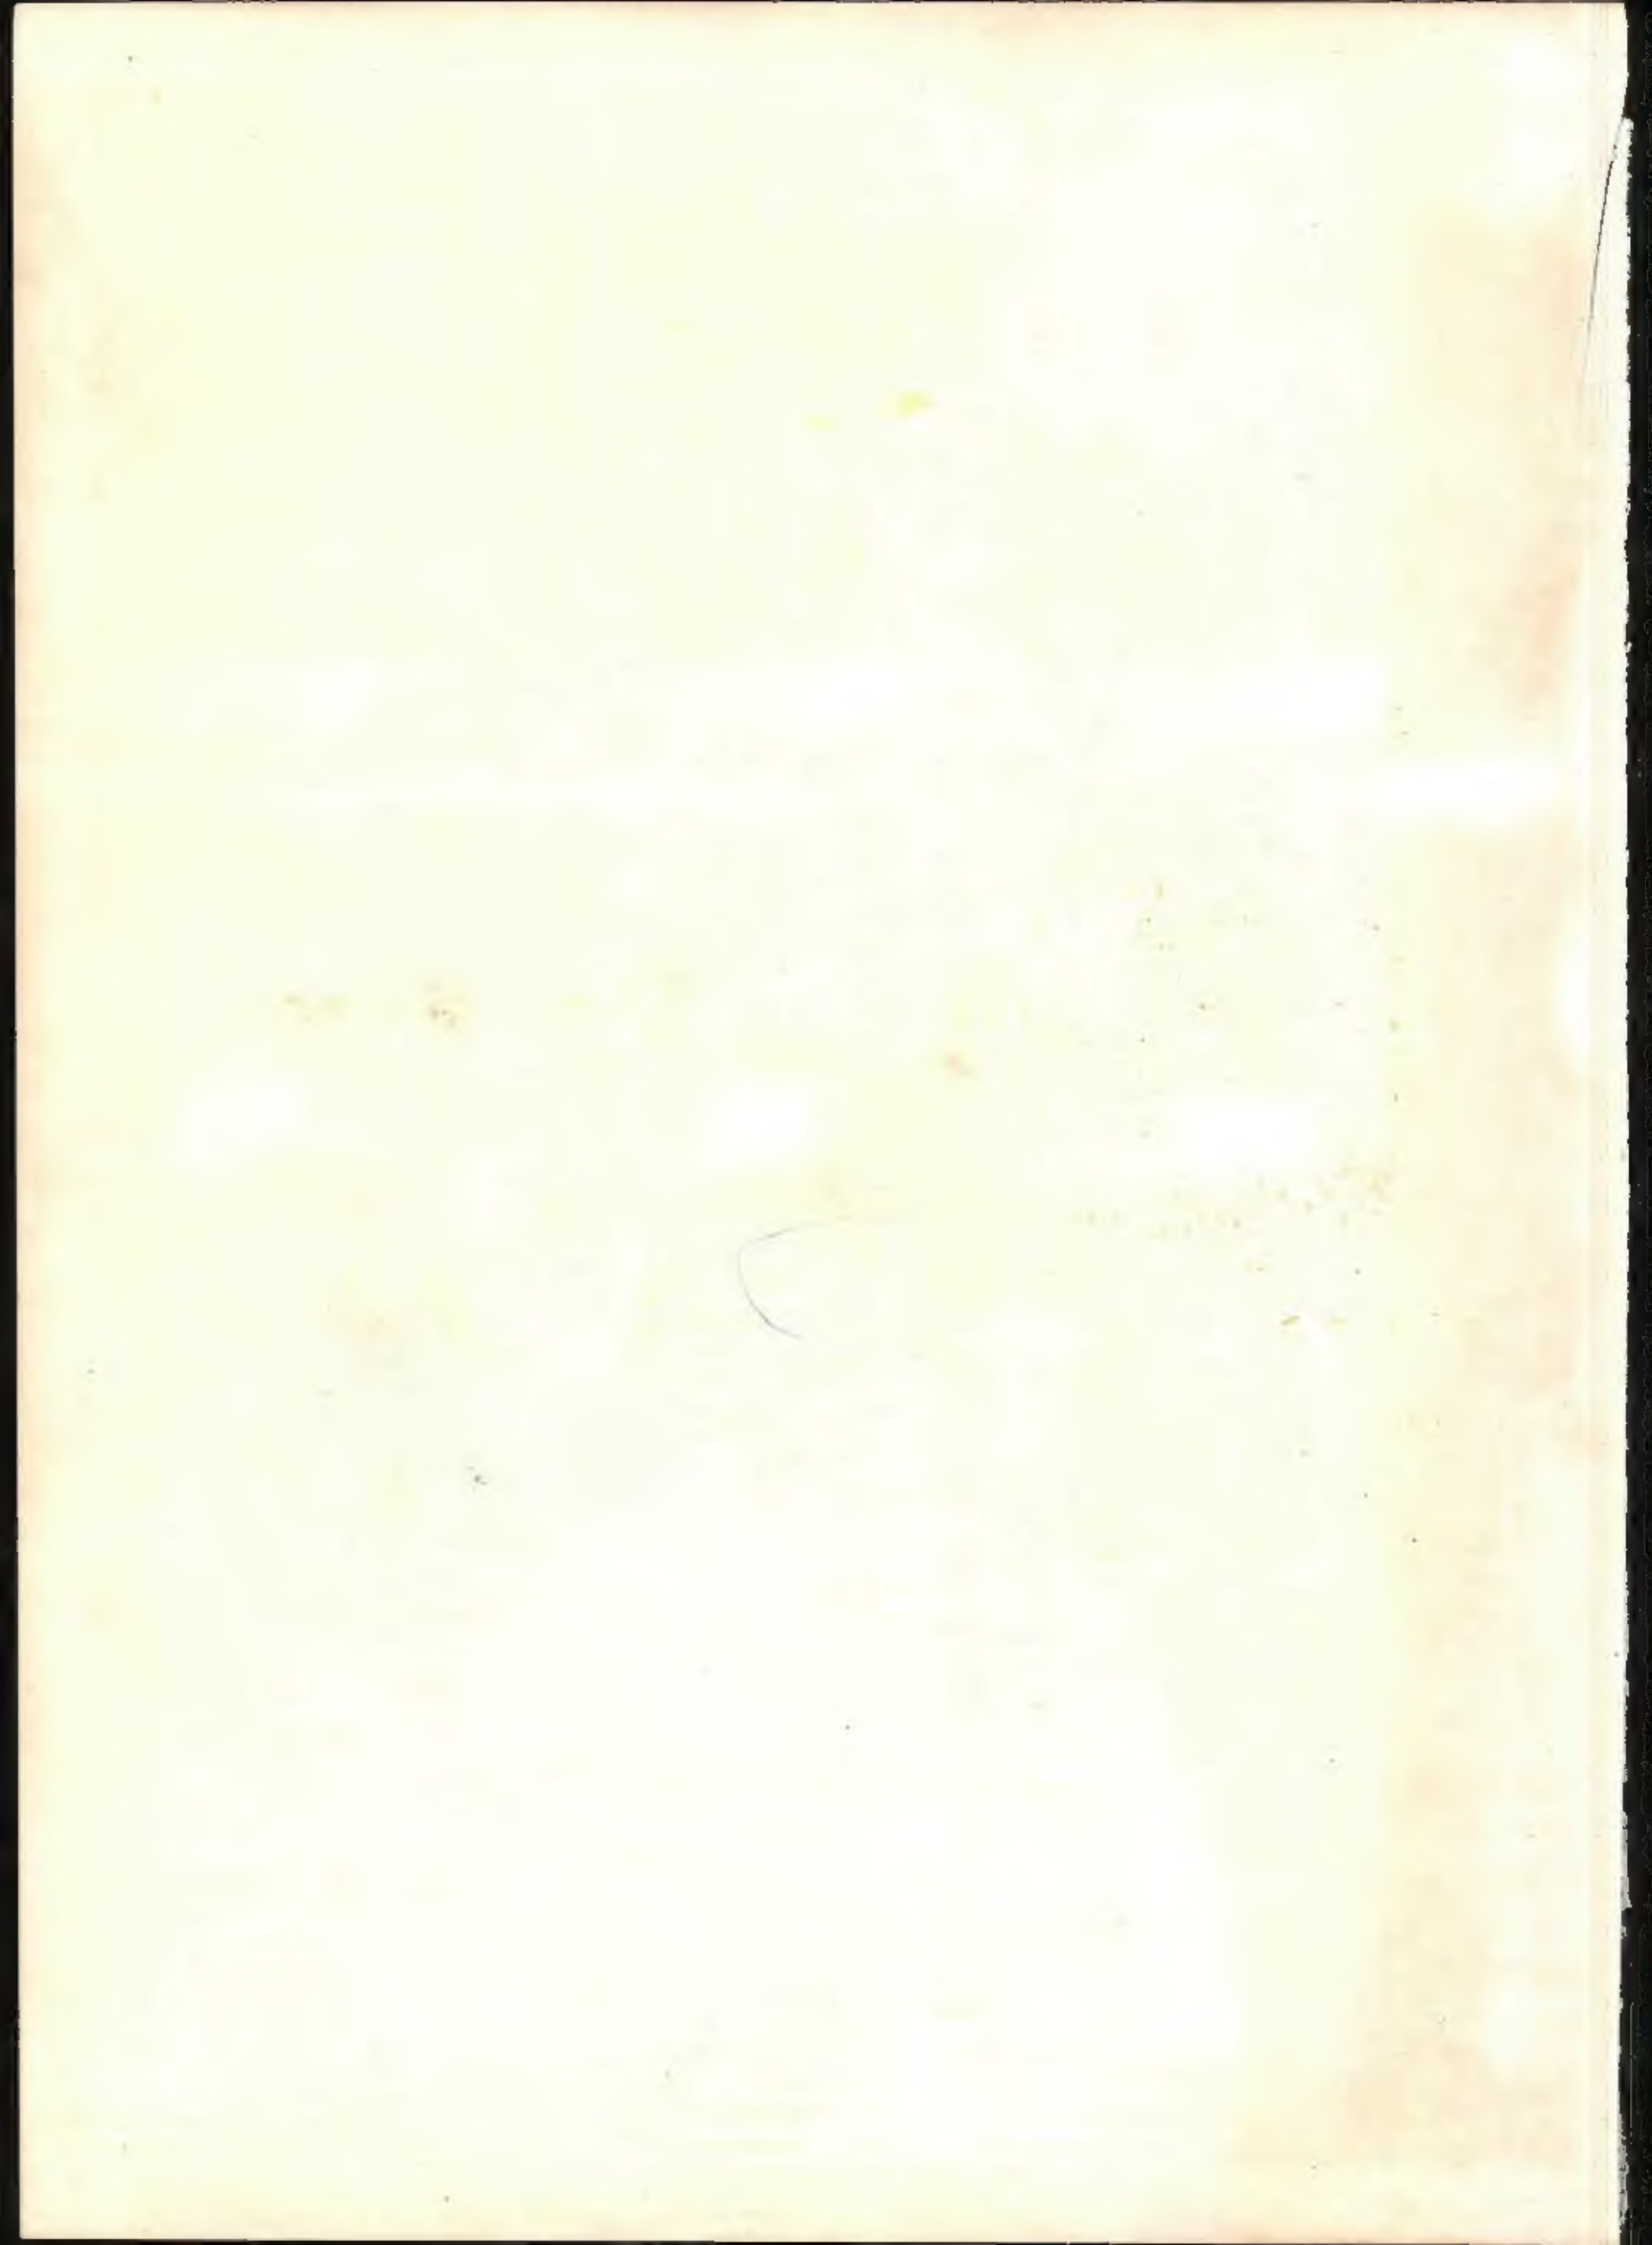

Doubles team and alternate are Randall E. Shan, Joel Tankersley, and Jerry Hale.
